

MEN'S EHF EURO 2024

MEDIA ACCREDITATION

TERMS AND CONDITIONS

1. INTRODUCTION

The European Handball Federation (EHF), the Men's EHF EURO 2024 Organising Committee (OC) and Infront Sports and Media AG, the federation's exclusive media and marketing partner, recognise the importance of top quality media coverage of the Men's EHF EURO 2024 which will take place in Germany from 10 to 28 January 2024 (the Event) and strive to offer the highest standard of media services for accredited media representatives. These terms and conditions (T&Cs) set out the conditions under which the EHF provides a successful applicant with an accreditation and access to the EHF EURO venues.

2. APPLYING FOR AN ACCREDITATION

Applications will only be accepted via the dedicated EHF online accreditation system within the specified time period. Email accreditation requests will not be accepted. Requests submitted after the published deadline will not be processed.

By submitting a request for an accreditation, the applicant confirms that this is made with the full knowledge and consent of his/her employer and that he/she is authorised to enter into this legally binding agreement for him/herself and his/her employer.

Applicants must be aged 18 or over to receive a media accreditation.

3. APPLYING FOR AN ACCREDITATION (WRITTEN MEDIA/PHOTOGRAPHERS)

Media accreditation is only open to professional media representatives working at the Event for a recognised media outlet. Media representatives, and in particular freelancers, may also be asked to provide additional evidence of their work and previous coverage of handball events.

4. APPLYING FOR AN ACCREDITATION (TV AND RADIO)

Infront Sports and Media AG, the EHF's exclusive media and marketing partner, is responsible for all accreditation requests from TV and radio representatives. Before making an accreditation request, an agreement concerning the relevant media rights must be reached with Infront well in advance of the deadline for media accreditation applications. Media representatives must

contact Infront at [Handball EURO OPS@Infrontsports.com](mailto:Handball_EURO_OPS@Infrontsports.com). Non-rights holders applications will be handled jointly by EHF and Infront.

5. CONFIRMATION/DENIAL OF ACCREDITATION REQUEST

All applicants will be informed by email whether their application has been successful. Acceptance of an accreditation request is entirely at the discretion of the EHF and Infront. The EHF and/or Infront may accept or reject accreditation requests entirely at their own discretion and can impose further terms and conditions. Given that there are limited media places available, it may not be possible to accept all requests for a media accreditation.

6. COLLECTION OF ACCREDITATIONS

Accreditations may only be picked up by the bearer (photo/written press/NRH) and by a representative for larger media groups (e.g. HB, RH1, RH2). Accreditations will only be issued on receipt of a valid photographic identification (e.g. passport, driver's licence) together with a copy of the confirmation email. Accreditations can only be picked up from the accreditation centre at the arrival venue indicated in the course of the application process or as informed to the EHF prior to the Event. Accreditation centres in each venue open four (4) days before the first match.

8. USE OF ACCREDITATION

Media representatives must wear their accreditation visible at all times in the playing arena on both match and non-match days, as well as training sessions. Accreditations are only valid together with a valid photographic identification (e.g. passport or driving licence), which the media representative may be required to provide at any time.

Accredited media representatives are only allowed in the designated zones as displayed on their accreditation and must follow the signposted routing within the playing arena.

Accreditations are non-transferrable and may only be used by the bearer and may not be assigned to any other person. In case the bearer loses the accreditation, he/she must contact EHF and/or Infront immediately.

The EHF reserves the right to charge a fee of €100 (one hundred euros) for the loss of an accreditation. Each application for a reprint will be handled separately. Lost accreditations will be cancelled in order to prevent and avoid misuse.

9. CONDUCT AND WITHDRAWAL OF ACCREDITATIONS

Media representatives who do not comply with the T&Cs or any other guideline issues by EHF or Infront before or during the Event will have their accreditation withdrawn and may be restricted from attending future EHF events as a media representative.

The EHF and/or Infront may ask an accredited media representative to share proof of their work at any time before, during or after the Event. In this case the evidence must be provided within 24 hours of the request. Should this evidence not be provided, the EHF and/or Infront may withdraw the accreditation.

Accredited media representatives must behave in an orderly manner – befitting of the terms and conditions of the EHF EURO Events – throughout the Event. Any abusive behaviour or unbecoming conduct will result in expulsion from all venues.

Once an accreditation is granted, it may be revoked at any time without liability for compensation to the applicant. The accreditation of any person found to be accredited under false pretences will be invalidated immediately.

10. MEDIA RIGHTS

No video recording is allowed in the arena for other than TV rights holders on match days or any other person authorised by Infront on match days.

10.1. POST-MATCH RULES

TV rights holders are only allowed to film and exploit any content from the Event in accordance with their respective Media Rights Agreement.

TV rights holders are only permitted to hold interviews in the designated interview areas (Stand-ups, Studios, Mixed Zone, Flash and Super Flash) if a respective booking has been made and approved. Interviews must be conducted in front of the official advertising backdrop boards when provided.

Non-rights holders (NRH) are not permitted to film anywhere in the playing arena on match days at any time but are permitted to record video/audio in the mixed zone and the press conference for broadcast use.

The rules relating to video recording/broadcasting for rights holders/non-rights holders also apply to the use of mobile streaming apps such as Facebook Live, Instagram Live, X Live or similar within the playing arena.

Media representatives are not permitted (unless with permissions and approved accreditation) to provide audio or video broadcasts to their respective website at any time, nor are they permitted to provide online scoring/statistics from an internet connection, or any other connection, to their respective website during the game.

Media representatives and/or photographers are allowed to use pictures from the Event only for publication in editorial text and must guarantee not to play any moving picture sequences (max. sequence is five pictures / sec.) on the internet or to publish pictures on the internet which have been electronically modified or adapted. They agree not to sell pictures for commercial or advertising use without the written authorisation of the EHF or Infront.

All members and delegates of national federations and teams are allowed to use pictures for private or technical study purposes only unless, in the case of a federation's media staff for example, agreed with the EHF/Infront prior to the Event. Teams are permitted to take video recordings of matches with one camera and one person who is in possession of an official team accreditation (issued by the EHF). He/she must wear the bib provided and carry the official authorisation at all times. These video recordings must serve exclusively internal team and coaching analysis purposes. It is strictly prohibited to use them for commercial or editorial purposes.

11 WRITTEN MEDIA

Written media representatives will be provided with seating in the stands with access to table and electricity. Internet access is guaranteed in all venues as is mobile phone reception. At peak times during the Event workspaces may be limited, priority will be given to representatives from those countries playing. Seats and tables may not be reserved. After the end of the match, members of the written press are permitted to conduct interviews in the 'written media' areas of the mixed zone. Media representatives may record audio for their own personal working use only and may not share or broadcast this content.

12. PHOTOGRAPHERS

Designated areas (with seats) are provided for photographers behind the goals, at each end of the court behind the advertising boards. Photographers will be advised before the match of any additionally designated areas where they may take photos within the playing arena.

Photographers may sit between the catch net and the advertising board. The catch net will be fixed three metres either side of the goal, for their own safety photographers may not sit in this area. Photographers are not allowed sit or stand in front of or to obstruct the view of the advertising boards.

Photo bibs must be worn at all times. Bibs can be collected from the Media Centre; a refundable deposit will be required.

Photographers are required to attend the photographer briefings held prior to each round of the competition.

Photographers have to remain seated and cannot change seats/ends during the match. Positions can only be changed during the half-time break or following the end of the match. If a photographer wishes to change ends during the half-time break, he/she must follow the official routing system.

It is not allowed to stand behind the player seats, behind the official table or on the opposite side of the court.

Photographers are only allowed to enter the court following the match for 3/4 place and final when permitted to do so and only in the designated area. An area in front of the timekeepers' table will be reserved for photographers and Infront-approved ENG crews.

Strobe light photography is not permitted.

Photographers may not reserve places in their designated areas. An area for official EHF photographers may however be reserved. Access to the mixed zone is not allowed at any time on match days.

13. TV/RADIO

Camera stickers will be handled and distributed by Infront on-site to TV rights holders and non-rights holders (there are no stickers for radio stations). These stickers have to be clearly displayed on all recording equipment.

All media representatives with access to the area which surrounds the playing court are requested to wear a bib and accreditation at all times. Bibs will be distributed by Infront on-site.

Based on their unilateral bookings, Infront approved ENG crews are requested to wear a bib at all times in court surrounding area, for ease of recognition, and observe the routing systems and court procedures. The bib and accreditation are only valid for specific matches, where a booking has been confirmed. The TV bibs must be handed back after each match day to Infront or on request of the EHF.

Only the Host Broadcaster is granted access to film on the playing court before, during and after the match, except of those Broadcast Partners with approved pre & post activities as per Infront Rate Card.

It is not allowed to stand behind the player seats, behind the official table or on the opposite side of the court without authorisation by the EHF. It is not allowed to obstruct the view of the advertising boards.

Commentators will have a designated working station if booked prior to the Event. This will be equipped as agreed with Infront prior to the Event.

The guidelines and instructions of the EHF, Infront, the Organising Committee and/or the host broadcaster must be followed at all times. No media representatives are permitted to interfere/obstruct in the work of the EHF, the OC and/or the host broadcaster.

There will be a designated photo and ENG area reserved for any award ceremonies from which the photographers and Infront approved ENG crews will be able to work.

14. TV STUDIOS

Studio production is permitted during team training only when TV stations inform Infront 24 hours ahead of time of their daily filming schedule in order that team delegations can be informed of any clashes. If this requirement is fulfilled, filming in the studio is permitted but TV rights holders are not permitted to film team training sessions.

15. FLASH ZONE

The holding of interviews in the flash zone is only permitted upon confirmed booking in good time and authorisation with Infront.

16. MIXED ZONE

The mixed zone will be divided and signposted into three zones (television – including non-rights holders, radio, written media). After the end of the match, all media representatives are permitted to conduct interviews in the designated areas of the mixed zone. Only rights holders are permitted to record video and/or audio in the flash zone for broadcast use. Both rights and non-rights holders are permitted to record video and /or audio in the mixed zone.

17. OPEN TRAINING SESSIONS

All training sessions taking place in the playing arenas are open to the media for filming and photography purposes only for the first 10 minutes. After the 10-minute period media representatives are requested to leave the playing arena unless they are given a specific permission from the team management to stay longer.

18. EHF MEDIA PORTAL

Additional media information, statistics and flash quotes from this Event and other EHF competitions can be found in the EHF Media Portal. Registration details will be shared in advance with all media representatives.

20. DATA RELATED MATTERS

As an accredited media representative your accreditation data will be retained by the EHF, Infront and accreditation partner Accredito.
